1. The following is an examiner's statement of reasons for allowance: the examiner found no teaching in the prior art that would render obvious the claimed receiver, a system and a method for locating a RF signal source including "obtaining a direction for the RF signal source...based upon the rate of change of the RF signal strength as received by the signal locator", claim 1, lines 4-17, "traversing in any direction while simultaneously obtaining data over an area, traversing to a displayed waypoint, where the waypoint is based upon the obtained data, and continuously obtaining data for subsequent waypoint readings by traversing toward the displayed waypoint", claim 28, "a graphical display, said graphic display displaying waypoint data based on RF signals received, said waypoint data providing a direction of the RF signal source and a distance between the RF signal source and the receiver, said distance being based upon a path loss slope of the RF signals", claim 29, "an initial way point reading displayed on said graphical display...said distance data being based upon a path loss slope of the received RF signals", claim 30, lines 7-17.

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dao L. Phan whose telephone number is (703)306-4167
